MEDICAL HISTORY

PATIENT NAME _____ Birth Date _____

Although dental personnel primarily treat the area in and around your mouth, your mouth is a part of your entire body. Health problems that you may have, or medication that you may be taking, could have an important interrelationship with the dentistry you will receive. Thank you for answering the following questions.

- Are you under a physician's care now? Yes No If yes, please explain: _____
- Have you ever been hospitalized or had a major operation? Yes No If yes, please explain: _____
- Have you ever had a serious head or neck injury? Yes No If yes, please explain: _____
- Are you taking any medications, pills, or drugs? Yes No If yes, please explain: _____
- Do you take, or have you taken, Phen-Fen or Redux? Yes No _____
- Have you ever taken Fosamax, Boniva, Actonel or any other medications containing bisphosphonates? Yes No _____
- Are you on a special diet? Yes No
- Do you use tobacco? Yes No
- Do you use controlled substances? Yes No

Women: Are you

Pregnant/Trying to get pregnant? Nursing?

Taking oral contraceptives?

- Are you allergic to any of the following?
- Aspirin Penicillin Codeine Acrylic Metal Latex Local Anesthetics Sulfa Drugs
- Other If yes, please explain: _____

Comments: _____

To the best of my knowledge, the questions on this form have been accurately answered. I understand that providing incorrect information can be dangerous to my (or patient's) health. It is my responsibility to inform the dental office of any changes in medical status.

California Dentistry & Orthodontics
9867 Magnolia Ave. Ste. E
Riverside CA 92503
Phone: (951)352-2112

Consent for Dental Treatment

PLEASE INITIAL EACH PARAGRAPH AFTER READING. IF YOU HAVE ANY QUESTIONS, PLEASE ASK YOUR DOCTOR BEFORE INITIALIZING.

_____ 1. **Examination & Cleaning:** I understand that I am having the doctor perform an examination and cleaning.

_____ 2. **Drugs and Medication:** I understand that antibiotics, analgesics and other medication can cause allergic reactions, resulting in redness and swelling of tissues, itching, pain, nausea and vomiting or more severe allergic reaction, including heart irregularities. I have informed the doctor of any known allergies. Certain medications may cause drowsiness and impaired judgment. It is advisable not to drive or operate hazardous equipment when using such drugs. I understand that pain medications are meant to dull the pain and take the edge off and may not be effective for pain elimination.

_____ 3. **X-Ray:** I understand and have voluntarily elected to have diagnostic radiographs (x-ray) taken to help with the diagnosis and treatment planning of my dental condition. I do not hold my dentist liable for any risks associated with this procedure.

_____ 4. **Sealants:** I understand that sealants are meant to help protect a tooth and to help prevent decay on the chewing surface of a tooth. A sealant is not a guaranteed protection from decay. They may wear out and/or chip and may require periodic replacement. They are typically not covered by insurance.

_____ 5. **Fillings:** I understand that a more extensive restoration than originally planned may be required due to original conditions discovered during preparation. I realize that fillings are rarely "permanent" and usually require periodic replacement. I understand that any time a tooth is prepared, for any reason, there is always irritation to the nerve of the tooth, which may result in post-operative sensitivity or in some cases, permanent nerve damage requiring root canal treatment or removal of the tooth. It is difficult to predict how your tooth may respond to treatment.

_____ 6. **Crowns and Bridges:** I understand that sometimes it is not possible to match the color of natural teeth exactly with artificial teeth. I further understand that I may be wearing temporary crowns, which may come off easily and that I must be careful to ensure that they are kept on until the permanent crowns are delivered. I realize that final opportunity to make changes in my new crown, bridge, or cap (including shape, fit, size and color) will be before cementation.

_____ 7. **Dentures:** I understand the wearing of denture is difficult. Sore spots, altered speech and difficulty in eating are common problems. Immediate dentures (placement of dentures immediately after extraction) may be painful. Immediate dentures may require considerable adjusting and several relines. A permanent reline will be needed later. This is not included in the denture fee. I understand that it is my responsibility to return for delivery of the dentures. I understand that failure to keep my delivery appointment may result in poorly fixed dentures. If a remake is required due to my delays of more than 30 days there will be additional charges.

California Dentistry & Orthodontics

NOTICE OF PRIVACY PRACTICES

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

We respect our legal obligation to keep health information that identifies you private. We are obligated by law to give you notice of our privacy practices. This Notice describes how we protect your health information and what rights you have regarding it.

TREATMENT, PAYMENT, AND HEALTH CARE OPERATIONS

The most common reason why we use or disclose your health information is for treatment, payment or health care operations. Examples of how we use or disclose information for treatment purposes are: setting up an appointment for you; examining your teeth; prescribing medications and fixing them to be filled; referring you to another doctor or clinic for other health care or services; or getting copies of your health information from another professional that you may have seen before us. Examples of how we use or disclose your health information for payment purposes are: asking you about your health or dental care plans, or other sources of payment; preparing and sending bills or claims; and collecting unpaid amounts (either ourselves or through a collection agency or attorney). "Health care operations" mean those administrative and managerial functions that we have to do in order to run our office. Examples of how we use or disclose your health information for health care operations are: financial or billing audits; internal quality assurance; personnel decisions; participation in managed care plans; defense of legal matters; business planning; and outside storage of our records.

We routinely use your health information inside our office for these purposes without any special permission. If we need to disclose your health information outside of our office for these reasons, [we will] [we usually will not] ask you for special written permission.

We will ask for special written permission in the following situation.

USES AND DISCLOSURES FOR OTHER REASONS WITHOUT PERMISSION

In some limited situations, the law allows or requires us to use or disclose your health information without your permission. Not all of these situations will apply to us; some may never come up at our office at all. Such uses or disclosures are:

- when a state or federal law mandates that certain health information be reported for a specific purpose;
- for public health purposes, such as contagious disease reporting, investigation or surveillance; and notices to and from the federal Food and Drug Administration regarding drugs or medical devices;
- disclosures to governmental authorities about victims of suspected abuse, neglect or domestic violence;
- uses and disclosures for health oversight activities, such as for the licensing of doctors; for audits by Medicare or Medicaid; or for investigation of possible violations of health care laws;

- disclosures for judicial and administrative proceedings, such as in response to subpoenas or orders of courts or administrative agencies;
- disclosures for law enforcement purposes, such as to provide information about someone who is or is suspected to be a victim of a crime; to provide information about a crime at our office; or to report a crime that happened somewhere else;
- disclosure to a medical examiner to identify a dead person or to determine the cause of death; or to funeral directors to aid in burial; or to organizations that handle organ or tissue donations;
- uses or disclosures for health related research;
- uses and disclosures to prevent a serious threat to health or safety;
- uses or disclosures for specialized government functions, such as for the protection of the president or high ranking government officials; for lawful national intelligence activities; for military purposes; or for the evaluation and health of members of the foreign service;
- disclosures of de-identified information;
- disclosures relating to worker's compensation programs;
- disclosures of a "limited data set" for research, public health, or health care operations;
- incidental disclosures that are an unavoidable by-product of permitted uses or disclosures;
- disclosures to "business associates" who perform health care operations for us and who commit to respect the privacy of your health information; [specify other uses and disclosures affected by state law].

Unless you object, we will also share relevant information about your care with your family or friends who are helping you with your dental care.

APPOINTMENT REMINDERS

We may call or write to remind you of scheduled appointments, or that it is time to make a routine appointment. We may also call or write to notify you of other treatments or services available at our office that might help you. Unless you tell us otherwise, we will mail you an appointment reminder on a post card, and/or leave you a reminder message on your home answering machine or with someone who answers your phone if you are not home.

OTHER USES AND DISCLOSURES

We will not make any other uses or disclosures of your health information unless you sign a written "authorization form." The content of an "authorization form" is determined by federal law. Sometimes, we may initiate the authorization process if the use or disclosure is our idea. Sometimes, you may initiate the process if it's your idea for us to send your information to someone else. Typically, in this situation you will give us a properly completed authorization form, or you can use one of ours. If we initiate the process and ask you to sign an authorization form, you do not have to sign it. If you do not sign the authorization, we cannot make the use or disclosure. If you do sign one, you may revoke it at any time unless we have already acted in reliance upon it. Revocations must be in writing. Send them to the office contact person named at the beginning of this Notice.

YOUR RIGHTS REGARDING YOUR HEALTH INFORMATION

The law gives you many rights regarding your health information. You can:

- ask us to restrict our uses and disclosures for purposes of treatment (except emergency treatment), payment or health care operations. We do not have to agree to do this, but if we agree, we must honor the restrictions that you want. To ask for a restriction, send a written request to the office contact person at the address, fax or E Mail shown at the beginning of this Notice.
- ask us to communicate with you in a confidential way, such as by phoning you at work rather than at home, by mailing health information to a different address, or by using E mail to your personal E Mail address. We will accommodate these requests if they are reasonable, and if you pay us for any extra cost. If you want to ask for confidential communications, send a written request to the office contact person at the address, fax or E mail shown at the beginning of this Notice.
- ask to see or to get photocopies of your health information. By law, there are a few limited situations in which we can refuse to permit access or copying. For the most part, however, you will be able to review or have a copy of your health information within 30 days of asking us (or sixty days if the information is stored off-site). You may have to pay for photocopies in advance. If we deny your request, we will send you a written explanation, and instructions about how to get an impartial review of our denial if one is legally available. By law, we can have one 30 day extension of the time for us to give you access or photocopies if we send you a written notice of the extension. If you want to review or get photocopies of your health information, send a written request to the office contact person at the address, fax or E mail shown at the beginning of this Notice.
- ask us to amend your health information if you think that it is incorrect or incomplete. If we agree, we will amend the information within 60 days from when you ask us. We will send the corrected information to persons who we know got the wrong information, and others that you specify. If we do not agree, you can write a statement of your position, and we will include it with your health information along with any rebuttal statement that we may write. Once your statement of position and/or our rebuttal is included in your health information, we will send it along whenever we make a permitted disclosure of your health information. By law, we can have one 30 day extension of time to consider a request for amendment if we notify you in writing of the extension. If you want to ask us to amend your health information, send a written request, including your reasons for the amendment, to the office contact person at the address, fax or E mail shown at the beginning of this Notice.
- get a list of the disclosures that we have made of your health information within the past six years (or a shorter period if you want). By law, the list will not include: disclosures for purposes of treatment, payment or health care operations; disclosures with your authorization; incidental disclosures; disclosures required by law; and some other limited disclosures. You are entitled to one such list per year without charge. If you want more frequent lists, you will have to pay for them in advance. We will usually respond to your request within 60 days of receiving it, but by law we can have one 30 day extension of time if we notify you of the extension in writing. If you want a list, send a written request to the office contact person at the address, fax or E mail shown at the beginning of this Notice.

- get additional paper copies of this Notice of Privacy Practices upon request. It does not matter whether you got one electronically or in paper form already. If you want additional paper copies, send a written request to the office contact person at the address, fax or E mail shown at the beginning of this Notice.

OUR NOTICE OF PRIVACY PRACTICES

By law, we must abide by the terms of this Notice of Privacy Practices until we choose to change it. We reserve the right to change this notice at any time as allowed by law. If we change this Notice, the new privacy practices will apply to your health information that we already have as well as to such information that we may generate in the future. If we change our Notice of Privacy Practices, we will post the new notice in our office, have copies available in our office, and post it on our Web site.

COMPLAINTS

If you think that we have not properly respected the privacy of your health information, you are free to complain to us or the U.S. Department of Health and Human Services, Office for Civil Rights. We will not retaliate against you if you make a complaint. If you want to complain to us, send a written complaint to the office contact person at the address, fax or E mail shown at the beginning of this Notice. If you prefer, you can discuss your complaint in person or by phone.

FOR MORE INFORMATION

If you want more information about our privacy practices, call or visit the office contact person at the address or phone number shown at the beginning of this Notice.

ACKNOWLEDGEMENT OF RECEIPT

I acknowledge that I have read a copy of California Dentistry & Orthodontics Notice of Privacy Practices.
